WELCOME TO THE FINANCE AND MANAGEMENT CONSULTANCY FAIR

The Finance and Management Consultancy Fair is for Oxford University students, researchers and alumni who are considering a career in accounting, insurance, banking, investment management, quantitative trading, strategy, management consultancy, and beyond.

At the fair, participants can start planning their next career steps or focus their search, find full time jobs, graduate schemes, and internships, and network with top recruiters.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g., what are the pros and cons of their work? Or what tips can they give you to increase your chances of being selected for work experience or employment?
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Alta Advisers

Alta oversees a long-term oriented portfolio that aims to generate attractive risk-adjusted returns after inflation. Given our clients' multi-decade time horizon, the portfolio has an equity bias to achieve high returns. To provide diversification, it is invested globally across conventional and alternative asset classes that include: public equities, leveraged buyouts, venture capital, real estate, and hedge funds.

Within each asset class, we partner with world-class investment managers that are experts in their fields. These managers select individual securities and add value through active management. We can access the most knowledgeable investment groups, perform detailed and differentiated fundamental research, and form independent and fact-based investment judgements. This approach, similar to that pursued by some leading U.S. university endowments, allows us to access diverse investment opportunities, ranging from timber to venture capital to biotechnology.

We have a successful track record of training and developing new hires out of university; as such we are looking for outstanding and curious candidates to work closely with the investment team as Summer Interns.

During the six week internship programme you will gain hands on experience and insights into the role and responsibilities of an investment analyst. You will have a chance to meet with leading investment funds across asset classes. Interns will also be encouraged to shape new investment themes by conducting an independent research project and presenting their findings to Alta's senior team. The strongest candidates will be extended offers to start as full-time Investment Analysts in 2024 or 2025. If you have any questions prior to submitting an application, please email

Da Vinci

Our Story

Da Vinci was founded in 2015 after a group of passionate trading experts found themselves desiring a new way of working.

At Da Vinci, our goal is to build the best proprietary trading house in the world. We strive to keep our work smart and creative, making the most of our team's strategic minds to challenge existing ways of thinking. We've established a unique approach to trading and culture, emphasising openness and collaboration across departments.

We specialise in solving market inefficiencies, identifying opportunities based on volatility arbitrage strategies and providing liquidity to the markets.

We are headquartered in the home of the world's first stock market, Amsterdam, and have just opened a second office in Mumbai. Today, we trade on the most prominent exchanges across South America, Asia and the US. Our vision is set on sustainable growth, with new offices opening abroad soon.

Our Vision

Becoming the best in the world means building a team of first-rate talent with the most innovative ideas. The real value comes from how we work and grow together and you can find traders, developers and researchers working side by side every day and enjoying every minute of it. We are non-hierarchical and support employees as they explore different paths to find where their passion and talent aligns. No matter their role, everyone is key to sustainably growing Da Vinci. We value innovation and excellence in everything we do, encouraging employees to take ownership of their work. We believe that our colleagues must consistently feel stimulated and supported in order to reach their full potential and achieve our ambitious goals.

CONSULTING

FTI Consulting

Our team of consultants come from a wide variety of academic backgrounds. At FTI they develop skills in economics and finance whilst drawing on their problem-solving and analytical skills to answer a range of questions for high-profile clients. We specialise in two main areas:

1. providing valuation advice about anything from large public companies to patents and trademarks. We do all types of work, but in particular we are the leading firm in advising on valuation issues before courts and tribunals all around the world; and
2. economic regulatory advice, where we apply economic theory and in-depth experience to offer advice to both regulators and regulated companies on a wide range of issues.

We have offices in cities across the world, with more than 280 staff worldwide. In London, our EFC practice has more than 150 people and each year we look to recruit around 15-20 graduates from any degree background.

As a graduate you will have the opportunity to apply your intelligence and critical thinking skills to stimulating economic, financial and business issues across many different industries. You will be supported through professional qualifications to become a Chartered Accountant (ACA) or a Chartered Financial Analyst (CFA). In addition, we have a comprehensive in-house learning and development programme. As you take on new responsibilities, your training will help you develop into an effective and professional consultant. You will receive a competitive starting salary of at least £45,000, a signing bonus, annual performance-based bonuses and a comprehensive benefits package. We also offer a well-defined career path with regular appraisals and opportunities for accelerated promotion for star performers.

We also offer summer internships and 12-month industry placements.

Newton Europe

We are [Newton](#).

We're a team of the brightest and most curious minds with a fundamental belief that every organisation can be better. We crack some of the toughest business and public sector challenges of the day. Not with reports, or copy-and-paste thinking. But by pinpointing and implementing the changes that will make the biggest difference – and then guaranteeing our fees against delivering measurable results.

We never start out assuming we know the answer, but we're always certain we'll find it and see it through to the finish. By uncovering the data that means the most important decisions are made with facts, not opinions. By bringing together people who live and breathe delivering results. And by embedding in client organisations this same passion, self-belief and know-how to thrive on any challenge in the future.

We're currently looking for [Operations and Digital Consultants](#). When you join us in one of these roles, you'll work alongside a variety of clients to design and implement programmes that deliver real, sustainable change. You'll be working on site, from the shop floor to the boardroom and everywhere in between. Every mission and every client is different, but our model of work doesn't change. On a day to day basis, you'll be working with our clients to identify opportunities for improvement and then plan and implement the changes that need to happen to solve the problem.

We demand better in everything we do. We think you should too.

Plural Strategy

What we do at Plural: Plural is a strategy consultancy created in 2014 to solve the challenges of a data-driven and digital landscape for our clients. We focus on the media, information and technology industries – industries that are converging. Through strategy and M&A support we provide clarity and direction to our clients, even in the most complex situations. We use data and real customer insight to underpin our work.

What makes Plural Strategy different?

Culture: At Plural Strategy we are extremely proud of our culture which combines excellence with collaboration. We are a small, friendly and inclusive firm with an environment which supports your development. You will be given responsibilities from day one and plenty of exposure to both Partners and Clients.

Projects: Outstanding and dynamic problem solving, on behalf of our clients, is at the heart of what we do. Our projects are usually short, high impact and strategic, often around 4-6 weeks in length, so you are always moving onto something new and constantly learning – perfect for the intellectually curious.

Lifestyle: Unlike many consulting firms, you'll be based in our offices for the majority of your time. This gives you much greater control over planning your life outside of work and reduces the time you spend travelling (as well as your carbon footprint). However, you will still get to travel, often internationally, for some client meetings and events – the best of both worlds!

Growth: Plural Strategy is continuously expanding, and we are looking for talented and motivated Analysts who want to develop their career with us. Many of our senior team started their careers at Plural and have been supported to fulfil their career ambitions and progress. Could you be next?

WorldQuant UK

WorldQuant is a global quantitative asset management firm. Founded in 2007 by Igor Tulchinsky, with the belief that talent is global, but opportunity is not, WorldQuant has more than 1,000 employees spread among 24 offices in 13 countries. WorldQuant seeks to get to the future faster, guided by the principle that there are an infinite number of insights to discover. The firm develops and deploys investment strategies across a variety of asset classes in global markets.

WorldQuant's success is built on a culture that pairs academic sensibility with accountability for results. Employees are encouraged to think openly about problems, balancing intellectualism and practicality. Excellent ideas come from anyone, anywhere. Employees are encouraged to challenge conventional thinking and possess an attitude of continuous improvement. That's a key ingredient in remaining a leader in any industry.

Our goal is to hire the best and the brightest. We value intellectual horsepower first and foremost, and people who demonstrate an outstanding talent. There is no roadmap to future success, so we need people who can help us build it. Our collective intelligence will drive us there.

We look forward to meeting you.

WORLDQUANT.
