Boodle Hatfield

Boodle Hatfield has been providing practical advice to businesses and individuals for over 300 years. Our clients come from a wide range of sectors, both in the UK and internationally, and include some of the most well-established owner-managed businesses and property companies as well as fast-growing entrepreneurial enterprises and ultra-high net worth families.

Our chief priority is helping our clients achieve their commercial objectives, whatever form their business takes. Our approach is to become the long-term trusted adviser to leading wealth creators and owners as well as their commercial and investment enterprises. Having a holistic view of our clients' structures and affairs means we can leverage this to provide the most appropriate and commercial advice to them. This approach has enabled us, throughout our 300-year history, to help our clients successfully navigate the continually changing and sometimes challenging markets in which they operate.

With a history like ours, we know we are built to last. But this isn't the time to rest on our laurels but instead a chance to reflect and build on our heritage. We are merely today's custodians of the Boodle Hatfield name, and we want to create a legacy that our successors will be just as proud of.

To commemorate our 300 year anniversary in 2022, we rolled out an extensive programme of activities, each of which sowed the seeds for the future success of others – our local neighbourhoods, the wider legal profession, and of course our valued clients and our own team.

Burges Salmon

Finding a training contract that's right for you is a critical step in your legal career. At Burges Salmon, you don't have to choose between top quality work and quality of life, high profile clients or first-class training – you can have it all.

Most law firms will give you a four-seat rotation. But here, that's just a drop in the ocean. Start your career in law with us, and you'll explore six rotations. This means more exposure to different types of law, and more opportunities to make an impact when you qualify.

Based in Bristol and Edinburgh – two of the top places to live and work in the UK – we're an independent law firm with an enviable range of national and international clients. Energised by our collaborative culture, cutting-edge training and inspiring colleagues, you're guaranteed to make a splash as you gain quality experience across a broad range of legal practices.

Pioneers in the globalisation of the legal profession, Cleary Gottlieb Steen & Hamilton LLP is a leading international law firm with 16 integrated offices located in major financial and political centres around the world. The firm operates as a single global partnership. Consistent with the vision of its founders, Cleary remains committed to openness, diversity, individuality and collaboration.

Core areas of practice in London are mergers and acquisitions, financing and restructuring, capital markets, international litigation and arbitration, and competition. In addition, Cleary has established successful self-standing practices in tax, financial regulation, and intellectual property and employment.

We do not believe in a 'one size fits all' training solution. By recruiting 16 trainees each year, we are able to offer training that is tailored to each trainee's interests, experience and aptitudes. Nor do we believe that the transition from trainee solicitor to associate occurs overnight on qualification. So, we encourage our trainees to take responsibility as soon as they are ready to do so. Given appropriate levels of supervision and support, trainees operate as lawyers from the day they join us.

Our smaller intake of trainees means that every hire we make is an important investment for the firm, because each team member has a distinct role to play in delivering outstanding client service. It also means that as a Vinson & Elkins lawyer, you'll work on high-value, complex and globally focused matters from the outset of your career. While being based in London, trainees often take secondments in our other offices.

We look to recruit from the best candidates, and we believe our training contracts reflect this — both in quality of training and work, as well as in the highly competitive salary and benefits.
