

OXFORD UNIVERSITY CAREERS FAIR 2024

Saturday 12 October
10:30-13:30

Examination Schools
OX1 4BG

Meet recruiters, explore graduate roles, internships and full-time jobs, and find out about different career options at Oxford University's careers fair for all sectors.

www.careers.ox.ac.uk/oucf

WELCOME TO THE OXFORD UNIVERSITY CAREERS FAIR

This careers fair offers Oxford University students, researchers, and alumni the opportunity to find out about a variety of different career options across a wide range of employment sectors.

You will be able to meet a number of major recruiters that are keen to attract students and graduates to their teams, compare different organisations and find out about graduate and work experience opportunities. Not all the recruiters participating in this event are giving a presentation in Oxford this year, so this may be your only chance to meet them informally.

Whether you know precisely what you want for your future career, are still deciding, or are just starting to think about what you want to do next, this is your chance to find out more.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g. what are the pros and cons of their work? Or, what tips can they give you to increase your chances of being selected for work experience or employment?
- Be keen and attentive – first impressions count!
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Read more on how to [make the most of a careers fair](#).

PRE-FAIR TALKS

[Alumni @ the Oxford University Careers Fair](#)

09:30 – 10:30, at the Examination Schools.

This satellite event will help alumni make the most of the fair, as well as opening discussions for general career guidance on topics such as CVs and networking.

[Researchers @ the Oxford University Careers Fair,](#)

09:45 – 10:30, Examination Schools

Talk informally with a careers adviser about options for researchers and find out how to get the most from the fair.

[Is small beautiful? The pros and cons of starting your career in a boutique consultancy - with Pragmatix Advisory,](#)

10:00 - 10:30, Examination Schools

This session explores career opportunities beyond the big-name consultancies, highlighting smaller, specialist firms that offer diverse challenges and niche expertise. You'll hear insights from a serial managing director, as well as recent graduate recruits about their experiences.

Ark Teacher Training

Ark is a charity that aims to transform children’s lives through education. In the UK, the strongest predictor of how a child will do at school continues to be what their parents do for a living – but why should this be the case? Working in our national network, you help to make educational equity a reality.

Ark Teacher Training (ATT) is a rare ‘Ofsted Outstanding’ training programme. Together with Goldsmiths University we offer you the perfect blend of theory and practice to gain PGCE with QTS.

- **Wellbeing is our top priority;** we provide unprecedented support and nurture you both personally and professionally so that you can enjoy a sustainable career in education.
- **The highest investment in professional development than any other trust;** we empower you to be the best you can be, at every stage of your career.
- **We believe in the power of our people and the beauty of diversity;** we value individuals’ qualities and encourage the growth of unique talents to enrich our community.
- **Our credibility comes from our connections with national and international educational research;** we set goals for the evolution of our practice that are person-centred, evidence-based and data driven.

Find out more at: <https://www.arkteachertraining.org/>

TEACHING

Baillie Gifford & Co

Let's forget about your degree for a moment and focus on you. Are you an inquisitive thinker with the imagination to see the world differently? Are you curious to explore new possibilities with the desire to create solutions that drive future development?

We're Baillie Gifford, an Edinburgh-based leading independent global investment manager investing over £225bn on behalf of our clients. For us, it's all about potential – your potential.

We seek to nurture our employees in the same way we approach our investment decisions or build technology for our clients. We'll focus less on where you are today and more on how you might develop and grow.

If you join one of our full-time programmes in investment or technology or our summer technology opportunities, our next investment will be you.

If you would like to learn more, head to earlycareers.bailliegifford.com for more information about us and our early career opportunities, upcoming events and how to apply.

Baillie Gifford

INVESTMENT MANAGEMENT

Beijing Jingdong Century Trading Co.

JD.COM (NASDAQ: JD and HKEX: 9618), also known as JINGDONG, is a Fortune Global 500 company ranking 47, with full-year revenues of USD 153.2 billion in 2023. We are the largest online and offline retail group in China, and have evolved from a pioneering e-commerce platform into a leading technology and service provider with supply chain at its core. Renowned for its supply chain innovation and excellence, our company has expanded into sectors including retail, technology, logistics, healthcare, and more, aiming to transform traditional business models with cutting-edge digital solutions.

We are committed to becoming The Most Trusted Company in the World. Currently, our overseas business spans 23 countries and regions, including: US, UK, Netherlands, France, Germany, Spain, Brazil, Hungary, Japan, South Korea, Australia, Thailand, Vietnam, Malaysia, Indonesia, The Middle East, Hong Kong, etc.

We have a strong desire to attract more graduates to join us. Since 2007, JD.COM has been cultivating future leaders through 'TET' (The Eagle Team), a strategic management trainee programme. It's tailored to develop our future middle and senior management roles. This programme has been a cradle of excellence for promising management professionals who now lead various pivotal departments across the company. As a TET trainee, you'll be immersed in a world of expert mentorship, rapid career progression, and an unparalleled professional adventure that's uniquely JD.COM.

E-COMMERCE

Blenheim Chalcot

Blenheim Chalcot is a leading global venture builder. We build product-led digital businesses which transform industries. We are primarily focused on enterprise Software as a Service (SaaS) products, powered by Generative AI. We target industries which are exposed to market, regulatory or technology discontinuity.

Over the last 26 years, we have built over 60 businesses. The Blenheim Chalcot portfolio currently comprises 30 businesses, ranging from early-stage start-ups to mature market leaders. Blenheim Chalcot has three global hubs, headquartered in Scale Space London, Mumbai and North America.

From the ground up: As a venture builder, Blenheim Chalcot builds businesses from the ground up. This means we identify new market opportunities in our specific areas of domain expertise, assemble outstanding leadership teams, and deliver 'hands on' services from conception to scale, maturity and exit. This differs significantly from the traditional venture capital model in which investors typically distribute capital to founding teams and expect one in ten investments to be successful. Through our venture building model, Blenheim Chalcot gives its ventures an unfair advantage.

Hands-on support and services: Venture Building Services delivered from Blenheim Chalcot's global hubs span all critical aspects of business operations including: technology, legal, tax, investment, finance, marketing, talent, HR, L&D, and property. These services free up leadership teams to focus on what is truly unique to them: their market, their customers, and their products. This approach dramatically improves the speed at which ventures can build a valuable product and successfully take it to market.

Find out more at: <https://www.blenheimchalcot.com/careers/>

FINANCE

British International Investment

We are the UK's development finance institution and impact investor with a mission to help solve the biggest global development challenges by investing patient, flexible capital to support private sector growth and innovation. The financial returns we make from our investments are recycled to support more businesses to achieve impact. We invest to create more productive, sustainable and inclusive economies in Africa, Asia, Indo-Pacific and the Caribbean, enabling people in those countries build better lives for themselves and their communities.

Our Impact and Investment Graduate Analyst Programme is designed to empower and support analysts in aligning their passions and strengths with BII's mission and purpose, giving exposure across our key business areas, Impact and Investment, with the opportunity for international travel to the countries in which we invest.

FINANCE

Budweiser Brewing Group UK & I

We are Budweiser Brewing Group, the UK & Ireland business of AB InBev, the world's leading brewer. We have over 1,000 colleagues in the UK across four breweries and our corporate headquarters in London.

We build brands and experiences that bring people together through our dedication to brewing the best beer with the finest, natural ingredients. The UK is home to many of the world's best ranked bars and restaurants, and a booming beer scene with over 50,000 pubs.

We are the proud makers of more than 500 iconic brands, from time-honoured classics enjoyed globally to new local favourites. Our UK brands include Stella Artois, Corona, Budweiser, Bud Light, Beck's, the Camden Town family, and many more. We're honoured to brew so many of the world's leading premium beers and ciders and build brands that will bring people together to share positive experiences for the next 100 years and beyond.

Our people are passionate, resilient, risk-takers. As a company of owners, our colleagues are empowered to be curious and courageous, always with an eye on the next challenge.

Together we're creating a future with more cheers – one that everyone can celebrate, and everyone can share. We're innovating to serve up new ways to meet life's moments and move our industry forward.

FURTHER EDUCATION

Diplomatische Akademie Wien - Vienna School of International Studies

Who we are

The Vienna School of International Studies - Diplomatische Akademie Wien (DA) is a postgraduate school for international studies and a multidisciplinary centre of excellence. Established in 1754 and housed in a former imperial palace, the DA is the oldest academic institution in its field. The DA is open to graduates of any discipline and of any nationality.

Our educational offer

Today the DA offers 2-year Master's programmes, a one-year Diploma Programme and a PhD-Programme to prepare about 200 graduate students from 40+ countries for an international career each year. The traditional study areas are political science, economics, international and European law, history and cultural studies. Of course, current topics such as the environment, sustainability and technology are an important part of all our programmes and courses. [Find out more about our programmes...](#)

Additional offers

- In-house language training
- Professional skills courses
- Global network of alumni from more than 125 countries
- Student residence directly on campus
- Diplomatic Academy Students Initiative (DASI) with several committees and societies

Future Teacher Training

Future Teacher Training: Shaping Educators of Tomorrow

Looking for a rewarding career in education? At Future Teacher Training, we offer a school-centred initial teacher training (SCITT) programme that places you directly in classrooms from day one. In collaboration with Future Academies, we combine academic rigor with practical experience, training the next generation of teachers to make a real difference.

We are an outstanding provider serving diverse and aspirational schools across London and Hertfordshire. We offer a bespoke training opportunity for those dedicated to transforming the lives of young people in our communities.

Our teacher training programme provides a dynamic, hands-on approach, supported by experienced mentors and academic professionals. We are dedicated to continually developing teachers' subject knowledge and pedagogy so they can hold themselves and their students to the highest standards. Our teachers change lives and help their pupils achieve our aim: *libertas per cultum* (freedom through education).

Upon completion, you'll earn a PGCE qualification alongside gaining Qualified Teacher Status (QTS). We provide clear pathways for career progression, preparing our trainees to become educational leaders. Join us in transforming lives through education.

FURTHER STUDY

Hurstpierpoint College

Hurst College is a very successful independent school located on an outstanding 140 acre campus in West Sussex, just north of the city and beaches of Brighton and 40 minutes south of London. With over 1,300 pupils aged 4 to 18, the school has nearly doubled in size over the last ten years and made huge progress academically as well as in other areas, whether sporting, creative or in the broader aspects of education.

One key to our success as a school is excellent staff. Hurst has always made it a priority of recruiting and training individuals who have the potential to become outstanding teachers and future school leaders. We value all our teachers and whether you join us straight from university, or after an initial career in another area of work, we believe every teacher's experience and background are important. Most of all we are interested in people with enthusiasm and the drive to become brilliant teachers.

Teach Hurst gives you the opportunity to get straight into the classroom and earn a salary whilst training to teach. From day one you will receive a £30,000 starting salary, free on-site accommodation, and free meals. Our programme is fully funded and includes sponsorship of a PGCE with QTS in your second year. Throughout the programme you will work closely with a mentor to build confidence in skills, knowledge, and pedagogy. This is achieved through observations, phased in class teaching, and bespoke training sessions. Many of our Teach Hurst teachers go on to take up positions of responsibility early in their careers.

The Hurst logo, consisting of the word 'Hurst' in white serif font on a red rectangular background.

TEACHING

Japan Exchange and Teaching Programme

The Japan Exchange and Teaching (JET) Programme is an international-exchange scheme organised by the Japanese Government via the Embassy of Japan. Now in its 39th year, the JET Programme has placed over 10,000 participants from all over the UK in positions throughout Japan. The goal of the programme is to promote cultural exchange at grass-roots level and to improve foreign language teaching in schools.

There are 2 positions available for UK graduates on the JET Programme: Assistant Language Teacher (ALT) and Co-ordinator for International Relations (CIR). For ALTs, knowledge of Japanese or previous teaching experience is not required. We welcome applicants from all degree subjects.

CONSULTING

Kraft Heinz

Kraft Heinz makes high-quality, delicious food around the world. With a portfolio of more than 200 iconic brands across six consumer-driven product platforms, we handle everything from meats and cheeses to coffee, condiments and everything in between.

In 2015, we combined the rich heritage of Kraft Foods Group and H. J. Heinz Company to bring transformative products to consumers' tables around the world.

More than a century ago, James L. Kraft and Henry J. Heinz each got their start by creating and selling a single product. For Kraft, it was cheese from the back of a cart. For Heinz, it was freshly grated horseradish in a clear jar – unusual at the time. These men didn't grow up together, but consumers around the world grew up with the foods they made.

In the UK, we spark joy around mealtime with our iconic brands, including Heinz, Bull's-Eye, HP, Lea and Perrins, Amoy, Tingly Ted's, Las Chicas, among others.

Find out more at: <https://careers.kraftheinz.com/locations/uk/>

FOOD

L'Oréal UK&I

Newton

Do you want to make a meaningful impact?

At Newton we are a consultancy that helps organisations realise their strategic ambitions, translating them into real-world outcomes. Specialising in the defence, consumer and public sectors, we need exceptional graduates like you to create bold, fresh thinking.

The challenges our clients face are highly complex, but the seemingly impossible is where we thrive. You'll work hand-in-hand with our clients, going as deep as it takes to find answers. It's more than hitting numbers or ticking boxes but delivering meaningful, measurable impact.

As a graduate, you'll progress at pace, and there's no limit to unlocking your potential. At Newton, we're building a community of exceptional people, one built on trust and shared experiences, of challenge and adventure. Collaboration is key, from spending time away onsite to regular whole-company days to tackling projects together. We're currently looking for operations and digital graduate consultants. Roles are open to applicants from all degree disciplines and can be based anywhere in the UK as you'll need to travel to UK-wide project sites.

We bring together exceptional people who drive development, motivating individuals to become better versions of themselves. **It's never easy, but it's always rewarding.**

Our consultants will be at the careers fair and would love to talk to you about graduate job and internship opportunities at Newton. Come say hi for your chance to help us unlock complexity and win Deliveroo vouchers to take home.

Come and see us at the careers fair to check out how you can create your profile and start meeting your perfect opportunity matches through video. RISER, where ambition meets opportunity.

Find out more at: <http://www.riserapp.co/>

CAREER EXPLORATION

Teach First

We are an educational charity working to build a fair education for all. Education in the UK is not fair. In fact, 21% of young people do not pass GCSE Maths at Grade 4 or above and STEM subject teaching has a critical shortage of teachers. This unfairly impacts children from low-income backgrounds, hindering their potential and jeopardising the whole country's future.

That's why we're developing teachers and leaders of the highest calibre to make a difference where it's needed the most. We do this through our two-year Graduate Training Programme.

Find out more at: www.teachfirst.org.uk

FURTHER STUDY | TEACHING

Teach West London

Based in vibrant West London, Teach West London offers high-quality fully immersive school-centred initial teacher training programmes for both Primary and Secondary phases.

School-based, fully immersive programme: Guided by experts, you'll learn on the job and develop practical skills from day one within the supportive environment of your chosen school community.

Choose where you teach: Choose where you'd like to train to teach from one of our 70+ placements schools. You'll be able to make a difference in your chosen community and positively impact the lives of children.

Train at the top-performing academy: Trust in the country 1 day a week you'll train at our training centres within the top-performing multi academy trust (MAT) in the country - Twyford CofE Academies Trust.

Support to succeed: You'll get comprehensive support to successfully train and thrive as a new teacher, with mentors, pastoral support (wellbeing) and access to a network of opportunities to develop throughout your career within the teaching school hub - from trainee through to school leader.

The Phoenix Partnership (TPP)

TPP is a world-leader in Digital Health. From apps enabling patients to manage their own care to comprehensive hospital solutions, TPP delivers technology that connects everyone involved in healthcare delivery. For over twenty years, we have been applying the most advanced technology to provide a safe and secure environment to deliver care. Our aim is to improve access to healthcare data, making sure it is available whenever and wherever it is needed. We want to help people make the best use of that data, to empower clinicians and citizens, and to create the healthcare systems of the future.

TPP has been consistently recognised as an outstanding graduate employer. Since 2017, we have consistently featured in The Job Crowds' "Top Company for Graduates to Work For", and were the overall winners for 2024 in addition to awards for 'Best Salary', 'Benefits' and 'Responsibility'. We have also been consistently named in the Times Top 100 Graduate Employers list.

INVESTMENT MANAGEMENT

University of St. Andrews

Underpinned by centuries of traditions and elevated by world-leading research facilities, St Andrews is more than just a university. Home to around 1,000 postgraduate taught students, a one-year master's from St Andrews will allow you to:

- Benefit from small class teaching with leading academics
- Further your knowledge and understanding of your subject
- Strengthen and build professional and academic relationships

Located in a coastal town where the medieval meets the cosmopolitan, St Andrews provides a truly diverse and vibrant student community with a global outlook. As a postgraduate student you will have access to cutting-edge resources, and benefit from a number of opportunities to grow yourself academically and personally, all whilst building solid foundations for your future career.

CAREERS ADVICE

Walter Scott

At Walter Scott, we know that our strength lies in our people. As an Edinburgh-based investment management firm with around 180 employees, we offer bespoke equity portfolio management services, building real and long-term relationships with our clients. Our Investment Research team looks to invest in world-leading companies, taking a team-based approach to decision-making. Meanwhile, our Operations teams underpin this entire investment process and strive to provide our clients with the right levels of service and support, which is vital for the success of our business.

Our two summer internship opportunities in Investment Research or Operations are open to inquisitive and motivated individuals from any degree subject and a diverse range of backgrounds. Our size and culture mean you'll be very much part of the team, and our experienced mentors will be on hand to offer support throughout your time with us.

WWF UK

WWF is a leading global environmental charity. With nature in freefall, we're urgently tackling the underlying causes that are driving the decline, and we're finding solutions so future generations have a world with thriving habitats and wildlife. WWF works on conservation programmes around the world, as well as campaigning to improve environmental policy in the UK. There are also many opportunities to be part of WWF's communications, fundraising, and operational work.
