

SUMMER GRADUATE AND INTERNSHIP FAIR

 Tuesday 6 June 2023
14:30-17:30

 Careers Service
OX2 6PA

Connecting recruiters who are offering graduate opportunities, full-time jobs and internships with Oxford University students, researchers and alumni.

www.careers.ox.ac.uk/summer-fair

Welcome to the Summer Graduate and Internship Fair 2023

Are you graduating soon and have not yet secured a job? Are you looking for an internship this summer?

Meet recruiters from a range of sectors who are offering full-time jobs and internships starting this summer.

Whether you haven't found a role yet, or haven't started looking, this is a great chance for you to explore available opportunities and careers.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask: what are the pros and cons of their work? Or what tips can they give you to increase your chances of being selected for work experience or employment?
- Be keen and attentive – first impressions count!
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Read more on how to **make the most of a careers fair.**

Aldi

University of Oxford students... are you interested in finding out how you can become an **Aldi Area Manager**?

Our Area Manager Programme gives you the autonomy to manage your own **£multi-million business** as you lead and guide your teams to success, whilst running your own group of Stores. With a **dedicated mentor** from day one, you'll get the support you need. We want our graduates to bring the best version of themselves and in return we'll reward them with a fantastic package including a **£50,000 starting salary** (rising in increments to £90,615 in year 8) and a **fully expensed company car!**

Do these opportunities sound exciting?

Then come and chat to us at our Aldi Stand at the University of Oxford's Summer Graduate and Internship Fair on Tuesday 6 June to meet our Area Managers who will give you an insight into what to expect during your training, work life and beyond! Our Area Managers will also be on hand to answer any questions you may have about our opportunities, recruitment process, or Aldi in general, and offer you some useful hints and tips on how to stand out from the crowd.

Our Graduate Area Manager opportunities are open to students from all degree disciplines and we welcome all students interested to join us on the day!

Ready to start planning for your future after university? Come and chat to us at our Aldi Stand!

Brainlabs

We're Brainlabs, a global digital marketing agency that uses data and technology to disrupt the advertising landscape. We stand out with our scientific approach to marketing and our unique team culture. Our services include Paid Search, Paid Social, Programmatic, SEO, CRO, Influencer Marketing, Retail Media, Data Science & Data Strategy, Planning and Strategy, Technology and Engineering. We craft compelling stories, build meaningful relationships with consumers, and optimise campaigns using data to drive success for our clients.

We're currently hiring for The Brainlabs Academy for Aug'23 (and beyond!) - a life-changing opportunity to kick start a career in Data Strategy or Media Planning all whilst being based in Buenos Aires, Argentina. It's the epitome of Brainlabs in city form, buzzy, vibrant and authentically fabulous. It's different, but so are we!

Find out more at: www.brainlabsdigital.com/the-academy/

Costello Medical Consulting Ltd

Costello Medical is a rapidly growing global healthcare agency specialising in medical communications, market access and health economic and outcomes research. We work with a wide range of clients, including the industry's most successful pharmaceutical and medical technology companies, patient and public health bodies and charitable organisations. Our lasting client partnerships create a direct and measurable impact on the successful launch of novel therapies and devices across a wide range of disease areas. Our vision is to be a community of the very best people, constantly challenging ourselves to make meaningful and outstanding contributions to improving healthcare.

We are committed to our company values which are central to creating our fun, friendly and innovative workplace in which we strive to deliver the highest standards of quality. As a result, we have been listed in [The Top 100 Companies to Work For list](#) for five consecutive years.

On 27th May 2022 Costello Medical received its certification as a [B Corporation](#). We are really proud of this achievement as it demonstrates that Costello Medical is meeting the highest standards of verified social and environmental performance. We underwent a rigorous assessment that covered the whole of our business including employee benefits, charitable giving and sustainability. We believe this certification is external validation of our mission to be a force for good.

Department for Education

The Department for Education is a free and impartial service for those students who are interested in becoming fully qualified Teachers. We also offer you one-to-one support during your application for teacher training and provide impartial advice regarding different providers, and routes to becoming a qualified teacher. The Get into Teaching campaign also offers work experience and paid internships.

Find out more at:

<https://getintoteaching.education.gov.uk/maillinglist/signup/name>

Goodlord

Renting a property used to be complicated and time-consuming for agents, tenants and landlords alike. Now, Goodlord's online experience streamlines the lettings process, making it easier for everyone.

We couldn't do that without the diverse group and hard-working team of Goodlordians behind our award-winning platform. Based in our Central London office, we support Goodlordians in their development, offer a number of perks (including having pets in the office), and recognise achievements with plenty of events, activities and benefits along the way.

Find out more at: www.goodlord.co/careers

Gotoco

Gotoco, an award-winning social enterprise, offers global TEFL internships with funding for travel, a TEFL qualification, meals/accommodation, cultural activities, and more. We make global TEFL internships accessible to all.

You can join one of our TEFL teaching placements all over the world this summer, including in Thailand, Vietnam, Colombia, Bali, China, Japan, and all over Europe. Our TEFL programmes aim to:

- Make global opportunities accessible with generous funding
- Introduce the joys of travel and living abroad
- Provide real-life experience in teaching that contributes to a TEFL qualification
- Show what teaching abroad has to offer long term
- Offer true cultural immersion and the opportunity to make friends all over the world

Our Level 5 Ofqual-accredited TESOL Primer qualification will enhance your CV and open up a pathway into the exciting world of teaching abroad, as well as offering transferable skills and experience for any career direction. The course is delivered online and it is self-led, meaning it can be completed around your other commitments.

What are you waiting for? Start your global career today by joining a Gotoco programme this summer. Apply now: <https://goto.co/apply>

You can also book on to one of our daily info webinars at <https://thailand-vietnam.goto.co/>

Find out more at: www.go-to.co

Huguenot Services Limited

Huguenot is an established financial technology firm based in central London, committed to developing the market-leading investment reporting platform for the global fund management industry.

We still think like a start-up but have built a profitable and resilient business with an impressive list of clients in the UK and overseas.

We are based in bright and spacious designer offices in Covent Garden, have a supportive, inclusive culture, and believe in creating an environment where talented individuals can thrive.

We are seeking entrepreneurial graduates to join our investment reporting team.

Find out more at: www.huguenots.co.uk/careers

Hurstpierpoint College

Hurstpierpoint College is amongst the most successful independent schools in Sussex. It is co-educational and comprises a Senior School, Senior Prep and Junior Prep with 1,300 pupils in all.

Our pioneering 'Teach Hurst' opportunity offers a unique programme of fully funded teacher training, a competitive starting salary and benefits package, together with free on-site accommodation at our impressive Sussex campus, twenty minutes from the city and beaches of Brighton and within easy reach of London by local rail links. Other benefits include free meals during term time, and access to a wide range of sports and leisure opportunities as part of our Co-curricular programme.

One key to our success as a school is excellent staff, we aim to recruit, train and develop individuals who have the enthusiasm, drive and potential to become outstanding teachers. The programme provides high quality training as follows:

- Year 1 Building classroom experience, knowledge and pedagogy through observation and class teaching on a reduced timetable.
- Year 2 A fully funded, in-school, PGCE course provided by Buckingham University. Increased teaching load and further responsibility.

On completion of Year 2 you will gain QTS (qualified teacher status) and progress onto the Early Teacher Career Framework and the Hurst qualified teacher scale with reflective salary increase. Throughout the ECT period you will continue to be mentored and given the opportunity to take on roles of responsibility and leadership across the college.

www.hppc.co.uk/about-us/teach-hurst-teacher-training/

INEOS

INEOS is a global manufacturer of petrochemicals comprising 36 businesses; each with a major chemical company heritage. INEOS's production network spans throughout the world, 183 production sites across 31 countries, generating an annual turnover of around \$65 billion.

After 20 years establishing itself as one of the world's leading chemical companies, INEOS continues to grow. Through strategic acquisitions and revitalising otherwise unloved assets, the business has flourished in an ever-changing, increasingly competitive marketplace.

INEOS' products make a significant contribution to saving life, improving health and enhancing standards of living for people around the world. Our businesses produce the raw materials that are essential in the manufacture of a wide variety of goods: from paints to plastics, textiles to technology, medicines to mobile phones - chemicals manufactured by INEOS enhance almost every aspect of our modern life.

INEOS is committed to achieving net zero emissions by 2050 not only through reducing the impact of our operations but by providing the products that support other industries and individuals to reduce their own impact on the climate.

The INEOS logo is displayed in a bold, blue, sans-serif font. The letter 'O' is stylized as a circle with a horizontal line through its center.

Katalyze Data (formerly Amadeus Software)

Katalyze Data recruit high-achieving STEM graduates who wish to pursue an exciting career in data analytics/data science. We employ graduates for a period of 12 months as we prepare them for their careers.

Graduates enjoy 3 months intensive, interactive training followed by a 9-month placement.

Our training covers a wide range of Data Engineering, Data Analytics and Data Visualisation techniques using SAS, R, Python and SQL. Graduates learn about business statistics and predictive analytics. In addition, they complete business case studies and receive business skills training such as presentation and interview skills.

All placements are with one of our UK based customers where graduates will be involved in the processes that make data accessible to decision makers.

Our professional team support graduates throughout their journeys to working as data analysts, data scientists or data engineers. We are proud of the success rate of our graduate scheme, over 95% of our graduates are offered permanent roles, and are now enjoying successful careers.

We offer a competitive salary from the first day of training, and a salary increase when the placement commences.

Join the Katalyze Data Graduate Programme and get your career off to a flying start.

<https://katalyzedata.com/careers/graduate-scheme/>

Malaberg

Unleash Your Potential @ Malaberg

Do you have a passion for data, branding, or copywriting? Then we want to invite you to discover your dream career with a dynamic company dedicated to building brands that make a meaningful impact on people's lives.

At Malaberg, we believe in the power of breakthrough ideas that transform lives. We create and scale brands across health, beauty, and pet care sectors, ensuring they resonate with millions of people around the world. Our success is driven by bold innovation, entrepreneurial spirit, plus the exceptional talent of our team members. Talk to us at the fair to understand our opportunities with:

1. **Data Analytics:** Use your analytical prowess to help us make data-driven decisions, optimise marketing strategies, and drive exponential growth.
2. **Branding and marketing management:** Play a crucial role in shaping the identity and messaging of our brands, ensuring they stand out in the market and create deep connections with consumers.
3. **Copywriting:** Craft compelling content that engages, educates, and inspires our audience. Your storytelling skills will help us create lasting emotional connections with our customers.

By joining Malaberg in our Oxford or London office, you'll become part of a vibrant team that values collaboration, innovation, and personal growth. We offer competitive salaries (plus big performance bonuses), outstanding growth opportunities, and a supportive work environment that encourages creativity and excellence.

Find out more at: <https://malaberg.com/careers/>

Marks & Clerk LLP

Marks & Clerk LLP is one of the world's leading intellectual property firms and one of the UK's largest firm of Patent and Trade Mark Attorneys. Our international coverage is extensive, with a network of offices in Europe, Asia, and North America. We provide a comprehensive range of intellectual property services to a variety of clients, from multinational corporations to the latest start-up ventures, in all sectors worldwide. We value diversity and support an inclusive working environment, where different ideas, cultures and backgrounds are celebrated. The mental health and wellbeing of our employees is paramount, and our working practices are developed to reflect this. We recruit STEM graduates across a range of disciplines and have an opportunity to become a trainee patent attorney in our Oxford office - starting September 2023.

Find out more at: <https://apply.workable.com/marksand-clerk/>

Obsidian Achnernar Ltd

Obsidian Achnernar (OA) is a fast-growing financial services company that operates offices in the UK, Ghana, Nigeria and Kenya. We provide a wide range of financial services which include fixed income, commodity trading, investment management, and corporate advisory services. Our primary focus is to deliver innovative and secure financial services that meet the changing needs of individuals and corporates across borders.

Our company nurtures a culture of innovation, continuous learning, and resilience. We believe in pushing boundaries, exploring new ideas, and embracing a growth mindset. We encourage our employees to think creatively, challenge the status quo, and never shy away from making mistakes, as we see them as valuable learning opportunities.

At OA, equality and diversity are not just buzzwords; they are core principles that we uphold. We acknowledge that a diverse workforce drives innovation, fosters creativity, and enhances our ability to understand and serve our diverse clientele.

Potential hires can be assured that they will be part of a company that values their unique contributions, fosters personal and professional growth, and upholds principles of integrity, transparency, and equality. We actively seek to attract, develop, and retain talent from diverse backgrounds, and strive to create an inclusive work environment that celebrates diversity in all its forms.

Oxford DataPlan

Oxford DataPlan is a collaboration of partners at Hedge Funds and PE/VC Funds with professors and lecturers at Oxford University. The company uses data science to create products that predict the operational performance of publicly traded companies. The products are sold to Hedge Funds which use them to make trading decision.

We are looking for applicants with a strong statistical background and extensive coding experience in Python that are interested in the intersection of equity research and data science. Successful applicants will work directly with Hedge Fund partners and data scientists from the University of Oxford. We will offer the autonomy to drive dedicated areas of responsibility and develop them further. All roles are based on remote work with flexible working hours.

We are currently offering 2 opportunities:

1. An ongoing internship (10 week minimum) - available for immediate start
2. Full Time Opportunity - September/October start

Find out more at: www.oxford-dp.com

Oxford University Innovation

Startup Incubator, here to support entrepreneurs!

We help you tailor the support you need to fit the specific challenges of your new venture. The Startup Incubator is free and aimed at members and ex-members of the University of Oxford wanting to start or grow entrepreneur-driven ventures that are not University spinouts. We typically support founders from the idea stage, but also take in and successfully accelerate more mature ventures. We have built our programme from the ground up for an academic environment – we realise you may not be able to work full time on your venture from day one and have set up our process and structure to accommodate this.

We also offer a summer programme, StEP Ignite. A Student Entrepreneurship Programme that brings teams of entrepreneurial students together to develop innovative business ideas. At the end of the programme, all teams will pitch their business ideas to a panel of judges who will select a winner. The winning team will receive a cash prize to spend on taking the first steps in setting up the business they pitched. In addition you'll receive a package of support from OUI and will be partnered with business & technology mentors to help make the dream a reality. We'll help you get investor ready and support your bids to raise funds through our extensive network of investors who already invest millions into the ideas which come from Oxford; we've got a panel of investors ready and waiting to meet you! All the teams who complete the programme will have the opportunity to continue with their business idea through the OUI incubator programme which comes with both financial & mentor support.

Reply Ltd

Reply specialises in the design and implementation of solutions based on new communication channels and digital media. As a network of highly specialised companies, Reply defines and develops business models enabled by the new models of AI, big data, cloud computing, digital media and the internet of things.

Reply delivers consulting, system integration and digital services to organisations across the telecom and media; industry and services; banking and insurance; and public sectors.

Find out more at: www.reply.com/en/about/careers/uk/

Teach First

We are an educational charity working to build a fair education for all. Education in the UK is not fair. In fact, 21% of young people do not pass GCSE Maths at Grade 4 or above and STEM subject teaching has a critical shortage of teachers. This unfairly impacts children from low-income backgrounds, hindering their potential and jeopardising the whole country's future.

That's why we're developing teachers and leaders of the highest calibre to make a difference where it's needed the most. We do this through our two year graduate Training Programme.

Find out more at: www.teachfirst.org.uk/training-programme

Terra

What we do

Terra is an API that makes it easy for apps to connect to wearables. Currently, apps and developers in the fitness, wellness, sleep, and other health spaces are using us. Terra was launched in early 2021, and since then we've been growing like crazy. But this is just the beginning.

The goal and vision

Think if Spotify and Netflix create music and movies based on your heart rate, and stress levels, in real time. We want to enable apps to achieve that reality, through our super easy to use API.

Funding

To achieve our grand goal, we couldn't have made it without the support from some incredible investors. We are lucky enough to be supported by [General Catalyst](#), [Samsung NEXT](#), [Next Ventures](#) and we were part of [Y-Combinator's W21](#) batch.

Do you want to learn more about the team? Check [this](#), and learn who we are [here](#).

Find out more at: www.ycombinator.com/companies/terra/jobs

The Phoenix Partnership (TPP)

TPP is a world-leader in Digital Health. From apps enabling patients to manage their own care to comprehensive hospital solutions, TPP delivers technology that connects everyone involved in healthcare delivery. For over twenty years, we have been applying the most advanced technology to provide a safe and secure environment to deliver care. Our aim is to improve access to healthcare data, making sure it is available whenever and wherever it is needed. We want to help people make the best use of that data, to empower clinicians and citizens, and to create the healthcare systems of the future.

TPP has been consistently recognised as an outstanding graduate employer. Since 2017, we have consistently featured in The Job Crowds' "Top Company for Graduates to Work For", and were the overall winners for 2022 in addition to being awarded 'Best Salary' and 'Best Benefits'. We have also been named in the Times Top 100 Graduate Employers list every year since 2019.

Find out more at: <http://tpp-careers.com/roles>

TVF Media

TVF Media is a diversified group with five core divisions: TVF International, TVF Communications, TVF Digital, TVF Central Operations, and the Institute of Art and Ideas. We create and convey new ideas in the most effective form, operating across a range of sectors including interactive digital media, medical communications, television programming, post-production, and the arts. We use and develop the latest media technology, the most talented people and the most advanced systems to inform, educate, inspire, and entertain.

Based in London, TVF Media operates worldwide, delivering projects and campaigns in more than twenty countries across the globe. All of our divisions are award-winning. Our clients range from Channel 4, the BBC and BAFTA award winning directors, to Pearson Education, the British Red Cross and Cambridge University Press.
