

SUMMER GRADUATE AND INTERNSHIP FAIR

 Thursday 6 June 2024, 14:30-17:30

 Careers Service, OX2 6PA

An opportunity for recruiting organisations that have full time roles, internships and graduate schemes, to meet bright Oxford University students who are looking for employment.

www.careers.ox.ac.uk/summer-fair

Welcome to the Summer Graduate and Internship Fair 2024

Are you graduating soon and have not yet secured a job? Are you looking for an internship this summer?

Meet recruiters from a range of sectors who are offering full-time jobs and internships starting this summer.

Whether you haven't found a place yet, or haven't started looking, this is a great chance for you to explore available opportunities and careers.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask. For example:
 - What are the pros and cons of your work?
 - What tips can you give me to increase my chances of being selected for work experience or employment?
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

AlphaSights

AlphaSights serves the world's top investors and business leaders. Our success depends on our ability to field an elite team that clients view as an extension of their own organisation. Our people are the core of what we do, and we are relentless in our commitment to finding, developing, and promoting world-class talent. Our talent philosophy is simple. We hire ambitious, values-aligned early-stage professionals and offer them the opportunity to own their results, build a track record of achievement, and accelerate their career advancement.

As a **Client Service Associate**, your work is at the heart of what we do: you'll be the link between our clients and the expert knowledge they seek. To succeed in this role, you need to be motivated to deliver results for your clients and to achieve commercial goals. This is a communications-intensive frontline role requiring a client-first mindset and the ability to multi-task across parallel workstreams. Throughout a fast-paced workday, you'll work on urgent projects from investors, strategists, and dealmakers at top-tier client organizations. You'll field incoming project briefs, quickly assess your clients' exact knowledge needs (e.g. when due-diligencing an investment opportunity), and then find, outreach, and vet the experts most suited for each project. You will own and manage all aspects of client-to-expert interactions, including scheduling, rescheduling, and follow-up inquiries.

INFORMATION SERVICES

Budweiser Brewery Group UK&I

Budweiser Brewing Group (BBG) are the UK and Ireland business of AB InBev, the world's leading brewer, and one of the world's largest FMCGs. We are proud to brew and sell the UK's leading premium beer and cider brands, including Budweiser, Corona and Stella Artois.

We build brands and experiences that bring people together through our dedication to brewing the best beer with the finest, natural ingredients. We dream of a future with more cheers. A future that supports our people, our communities and our planet. We dream of continuing to build a team that's more supportive, more inclusive and more collaborative. A team that is diverse in background, skills and experience. A team that's able to learn, grow and adapt. To drive change and deliver results. To work together to build a more sustainable, inclusive and rewarding future.

How we interact, influence and make decisions is guided by our 10 principles which we embed at the heart of our culture. As a company, we're curious, inquisitive, adventurous and always questioning. We see challenges as opportunities just waiting to be explored. We're ambitious and hungry to succeed in careers we are proud of.

FAST-MOVING CONSUMER GOODS

Costello Medical Consulting

Costello Medical is a global healthcare agency specialising in medical communications, market access and health economic and outcomes research. We work with a wide range of clients, including the industry's most successful pharmaceutical and medical technology companies, patient and public health bodies and charitable organisations. Our mission is to be a community of the very best people, building trusted partnerships across the healthcare sector by delivering an exceptional service. Our vision is to be a leading global partner consistently striving for meaningful and outstanding contributions that improve people's health and lives.

As a rapidly growing company, we have a variety of available roles throughout 2024. Our vacancies are ideal for both newcomers to the industry, including recent graduates and postgraduates, and for more experienced professionals seeking new positions in this sector. We're offering flexible starting dates throughout 2024, catering to both individuals ready to embark on their new role immediately and those who prefer to start later in the year.

We are committed to our company values which are central to creating our fun, friendly and innovative workplace in which we strive to deliver the highest standards of quality. As a result, we have been listed in [The Top 100 Companies to Work For list](#) for five consecutive years.

On 27th May 2022 Costello Medical received its certification as a [B Corporation](#). We are really proud of this achievement as it demonstrates that Costello Medical is meeting the highest standards of verified social and environmental performance. We believe this certification is external validation of our mission to be a force for good.

gaitQ

About gaitQ: As an innovative Oxford-based medical technology organisation, the team here at **gaitQ**[®] are driven to develop clinically-validated mobility solutions to help people walk more, walk better and improve their quality of life.

Founded in 2019 by three experts in engineering and physiology from the University of Oxford, gaitQ was spun-out of the University in 2020.

Our discreet wearable, gaitQ tempo™, is a small, non-invasive vibrational cueing device worn on both legs, to help people with Parkinson's maintain a more fluid and stable gait. Cueing is a clinically proven technique to help reduce freezing of gait (FoG) and lower the risk of falls. Find out more at [gaitQ.com](https://gaitq.com)

Recruitment: We are always looking for talented and driven individuals to join our growing team, especially people with the following skills or backgrounds:

- Signal processing
- Firmware development
- Dev ops
- Gait analytics
- Communications and marketing
- Business development
- UX / UI graphic design
- Supply chain
- Clinical trial management
- QA/RA
- Project management

We look forward to meeting you at the careers fair and if you're keen to connect ahead of time, please get in touch at careers@gaitq.com.

FINANCIAL TECHNOLOGY

Hurstpierpoint College

We are looking to recruit well-qualified graduates/undergraduates to become teachers across a variety of subject areas – Maths, English, Chemistry, Physics, Biology, Psychology, Economics, Business Studies, Computer Science, Politics, French, Spanish, Latin, Religious Studies, History, Geography, Art, DT, Music, Dance, Drama, PE and Primary Education.

One key to our success as a school is excellent staff. Hurst has always made it a priority of recruiting and training individuals who have the potential to become outstanding teachers and future school leaders. We value all our teachers and whether you join us straight from university, or after an initial career in another area of work, we believe every teacher's experience and background are important. Most of all we are interested in people with enthusiasm and the drive to become brilliant teachers.

Our pioneering Teach Hurst programme, which launched in 2015, gives us many years of experience in running a teacher training scheme. Teach Hurst is the result of a considerable investment of time and finances in our new teachers – and the success of our training can be seen in the quality of our teachers and their testimonials.

As a teacher, from day one you will receive a £30,000 starting salary, free on-site accommodation, and free meals. Our programme is fully funded and includes sponsorship of a PGCE with QTS in your second year. Throughout the programme you will work closely with a mentor to build confidence in skills, knowledge and pedagogy. This is achieved through observations, phased in class teaching, and bespoke training sessions. Many of our Teach Hurst teachers go on to take up positions of responsibility early in their careers.

TEACHING

INSEAD

The INSEAD PhD in Management rigorously trains prospects interested in research, providing in-depth knowledge and honing their skills to secure top academic placements worldwide and become successful management professors. For the mid-August 2025 intake, the programme seeks 16-18 bright potentials who are passionate about research and aim to pursue a successful career in business academia. Regardless of background, they apply in one of the fields offered: Accounting, Decision Sciences, Entrepreneurship, Finance, Marketing, Organisational Behaviour, Strategy, or Technology and Operations Management.

INSEAD PhD students:

- Become part of a diverse community of faculty experts and like-minded peers
- Secure top academic placements in leading business schools globally
- Study in Asia and Europe, go for exchange with Wharton and benefit from the INSEAD-Sorbonne Alliance
- Receive [annual funding for 5 years](#)

Applicants with bachelor's or master's degrees are encouraged to apply regardless of their research experience or subject area. The INSEAD PhD is highly interdisciplinary, so it continues to attract students from various backgrounds, including non-management.

Oxford DataPlan

Oxford Data Plan is an alternative data and research provider whose proprietary data products provide valuable and unique insights into the performance of individual companies. We do this by providing our clients with direct and timely estimates of key performance indicators derived from the sophisticated manipulation and analysis of alternative data. Operating at the intersection of equity research and data science, we are among the first to be building an innovative and rapidly growing alternative data company in what is already a burgeoning, though still nascent, industry.

Opportunities exist for talented applicants with an interest in equity research, alternative data / data science or business development to help us build and grow: we are moving out of an early-stage start-up phase, and our client list of institutional investors, hedge funds, buy-side asset managers, and long-only investment managers is expanding fast. So, too, is our team which works remotely from the UK, Germany, UAE and SE Asia, undertaking fundamental equity research and building innovative data products. Come speak to us and find out more at the 2024 Summer Graduate and Internship Fair.

BANKING & INVESTMENT | DATA

Oxford University Innovation

StEP Ignite is a Student Entrepreneurship Programme that brings teams of entrepreneurial students together to develop innovative business ideas. At the end of the programme, all teams will pitch their business ideas to a panel of judges who will select a winner.

The winning team will receive a cash prize to spend on taking the first steps in setting up the business they pitched. In addition, you'll receive a package of support from OUI and will be partnered with business & technology mentors to help make the dream a reality. We'll help you get investor ready and support your bids to raise funds through our extensive network of investors who already invest millions into the ideas which come from Oxford; we've got a panel of investors ready and waiting to meet you!

All the teams who complete the programme will have the opportunity to continue with their business idea through the OUI incubator programme which comes with both financial & mentor support.

We're inviting you to bring your own idea or if you don't have an idea of your own, to come along and either work on an idea from our IP library or join a student idea led team.

StEP is an Oxford University Innovation Incubator programme delivered in partnership with EnSpire.

Red Savannah

HAVE YOU EVER THOUGHT ABOUT A CAREER IN LUXURY TRAVEL?

Travel is a beautiful thing. We believe it has the power to transform people and make us think differently; make hearts beat faster, eyes dance, faces soften and minds open. It's more than a trip measured in miles and hours: it's a journey for the soul. This is the spirit that drives **Red Savannah**, a luxury travel company specialising in tailor-made travel, luxury villas & private yachts worldwide. The company has the Queen's Award for Enterprise and has been voted the World's Best Tour Operator by the readers of Condé Nast Traveller.

The experience we offer strives to be authentic, substantial and intelligent. No hogwash. No luxury-speak. Quite simply, a travel company redefined for the 21st century.

With the dramatic increase in number of global High Net Worth Individuals to almost 60m, spend on luxury travel is projected to increase to \$2.3 trillion by 2030. The market is set for massive growth and we'd love you to be a part of it.

We are seeking our first ever Graduate Trainee to learn the art of planning & operating luxury travel at the very highest level.

Do come and talk to us to better understand the opportunities available.

RED SAVANNAH

LUXURY TRAVEL

Reedsy

Crafting beautiful books is at the heart of everything that Reedsy does. We're changing the way books are published by giving authors and publishers access to talented professionals, powerful tools, and free educational content.

Publishers and authors trust us to provide them with quality talent. That's why we only work with editors, designers, marketers, and ghostwriters who have experience crafting books that land on the New York Times bestseller list.

We have a multicultural team of over 40 people, who come from all continents and speak over 15 languages. They're concise communicators and autonomous individuals. They care about being excellent at what they do. Lastly, they have a sense of meaning — Reedsy's goal is to support a whole generation of creators.

We operate the company independently and try to remain humane — we believe you can grow fast and make an impact without raising millions from investors.

We're entrepreneurs, designers, writers, hackers, bikers, engineers, runners, developers, soccer analysts, musicians, photographers, readers, travellers, gardeners, knitters, hikers, campers, and hard workers. Come make this list longer :).

PUBLISHING

St John's School

St John's School, Leatherhead

Graduate Teacher Opportunities

St John's is a co-educational independent school for over 800 boys and girls aged 11 to 18 and predominantly a day school (75% day, 25% boarding) with an innovative boarding offering which includes weekly, flexi or ad hoc options to create the best possible balance between home and school life for busy families.

We believe there is no limit to our pupils' potential and, in this vibrant learning community, we encourage our pupils to work hard, aim high, help others and have fun. None of this is possible without the exceptional team of people who make up St John's staff. We value the expertise, energy and commitment of our staff across all areas of school life and reward, support and develop our employees accordingly. Attracting and retaining the very best people is fundamental to allowing us to take St John's forward.

TEACHING

Supercede Technology

Supercede is an early-stage technology company transforming the reinsurance sector.

We are a small and committed team of reinsurance experts and software engineers working primarily out of London, with remote colleagues around the world.

We help many of the world's largest insurance companies, brokers and reinsurers to trade digitally: and now, to take our mission to the next stage, we need your help too.

Do you want to play a meaningful role in the day-to-day running of a scale-up?

Right now, we're on the lookout for tenacious all-rounders who learn quickly, operate independently and relish the feeling of getting things done. If you get a kick out of putting your hand up to take on responsibility, and care deeply about seeing work through to its conclusion, this could be the role for you.

We don't mind what subject you've been studying, as long as you write well, feel at home with computers, and instinctively communicate with clarity and kindness.

In exchange for your hard work, we offer a very competitive package – including exceptional benefits, share options and an above-average graduate salary – along with the chance to work directly with our founders in the City of London.

INFORMATION SERVICES

The Phoenix Partnership

TPP is a world-leader in Digital Health. From apps enabling patients to manage their own care to comprehensive hospital solutions, TPP delivers technology that connects everyone involved in healthcare delivery. For over twenty years, we have been applying the most advanced technology to provide a safe and secure environment to deliver care. Our aim is to improve access to healthcare data, making sure it is available whenever and wherever it is needed. We want to help people make the best use of that data, to empower clinicians and citizens, and to create the healthcare systems of the future.

TPP has been consistently recognised as an outstanding graduate employer. Since 2017, we have consistently featured in The Job Crowds' "Top Company for Graduates to Work For", and were the overall winners for 2022 in addition to being awarded 'Best Salary' and 'Best Benefits'. We have also been named in the Times Top 100 Graduate Employers list every year since 2019.
